

WHITE LED STRINGER CABLE

LIGHTING DESIGNED FOR ANIMALS

Twist lock connection

Enables installation flexibility for White LED (not only screw-in type, but also stringer installation)

Waterproof secure solution

ABOUT

Manufactured with high grade plastics and cable, the stringer system provides abundant strength, water resistance and current carrying capability to provide power down the length of an aviary system. Simply screw the compatible White LED lights into the stringer and route them into the systems. The construction reduces difficulty of installation and maintenance.
